

Penguin Land!

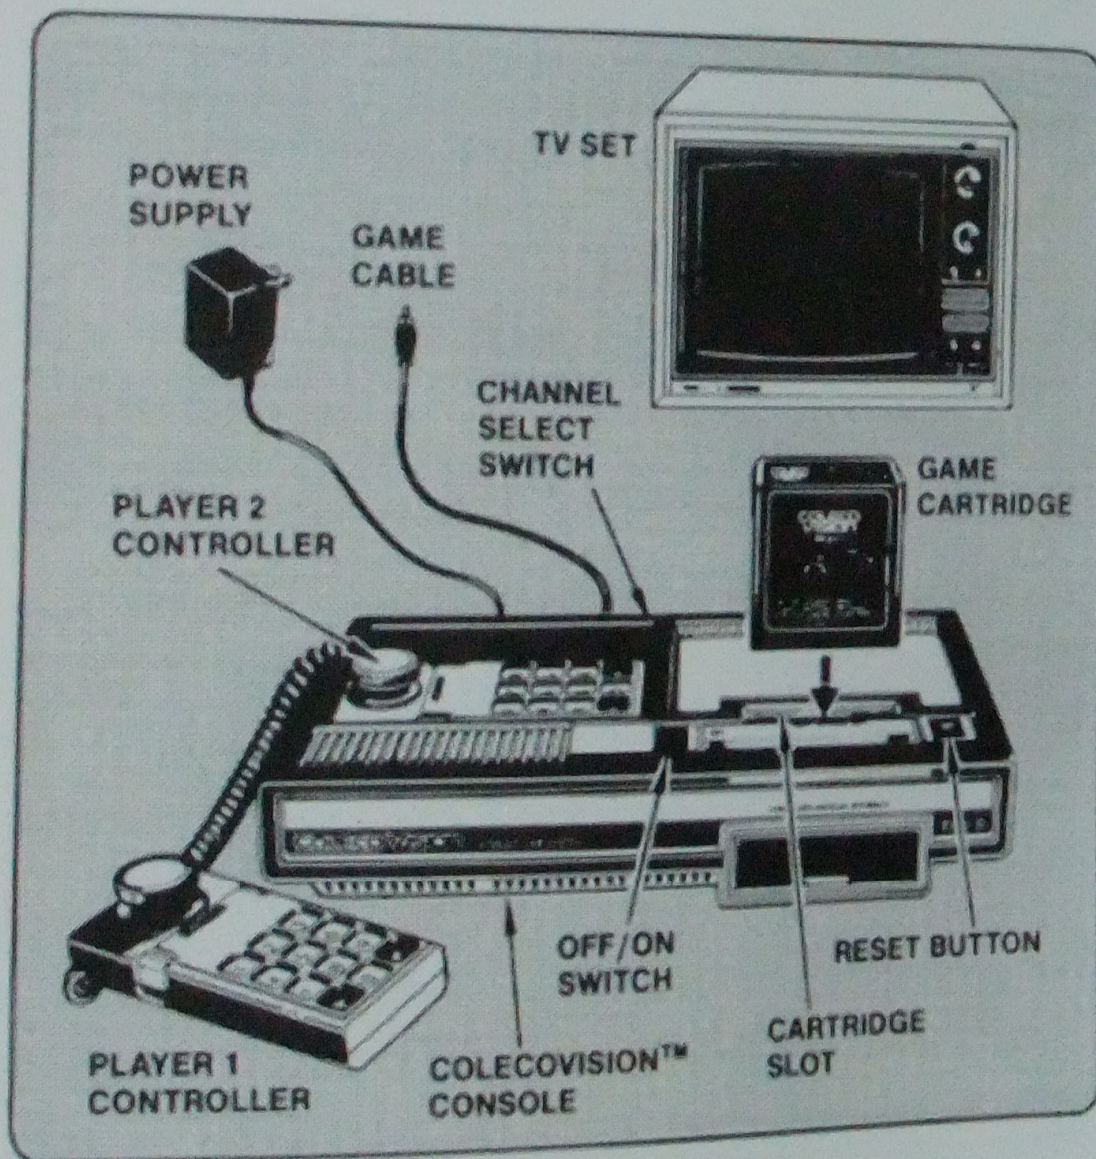

SEGA®

INSTRUCTION MANUAL

GAME DESCRIPTION

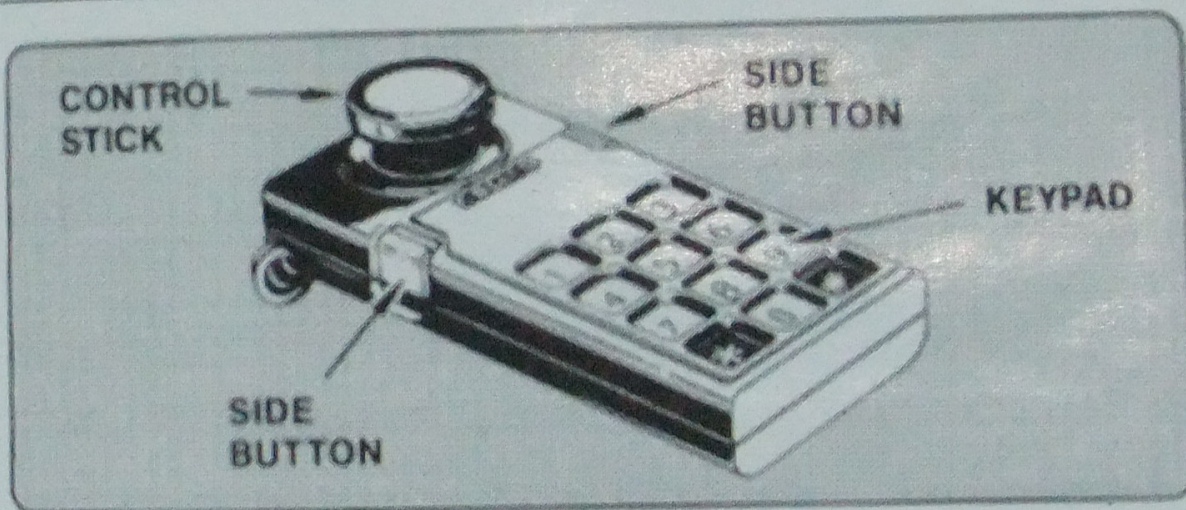

If you think it's tough raising a family, try being a penguin in the harsh arctic wasteland! Hungry beasts are eager to sink their teeth into your unhatched offspring, and it's your job to outsmart the burly polar bears and roll your egg to the safety of your underground home. Your wife is waiting for you...don't let her down!

GETTING READY TO PLAY

- Make sure the COLECOVISION™ console is connected to TV. Make sure power supply is plugged into console. Then plug power supply into a 110/120 volt AC outlet.
- TV should be on and tuned to same channel as the Channel Select switch on the console.
- To play one-player or two-player Penguin Land™, use the controller in Port 1 (the rear jack).
- ALWAYS MAKE SURE COLECOVISION™ UNIT IS OFF BEFORE INSERTING OR REMOVING A CARTRIDGE. Turn **Off/On** switch to **On** after cartridge is inserted.

USING YOUR CONTROLLERS

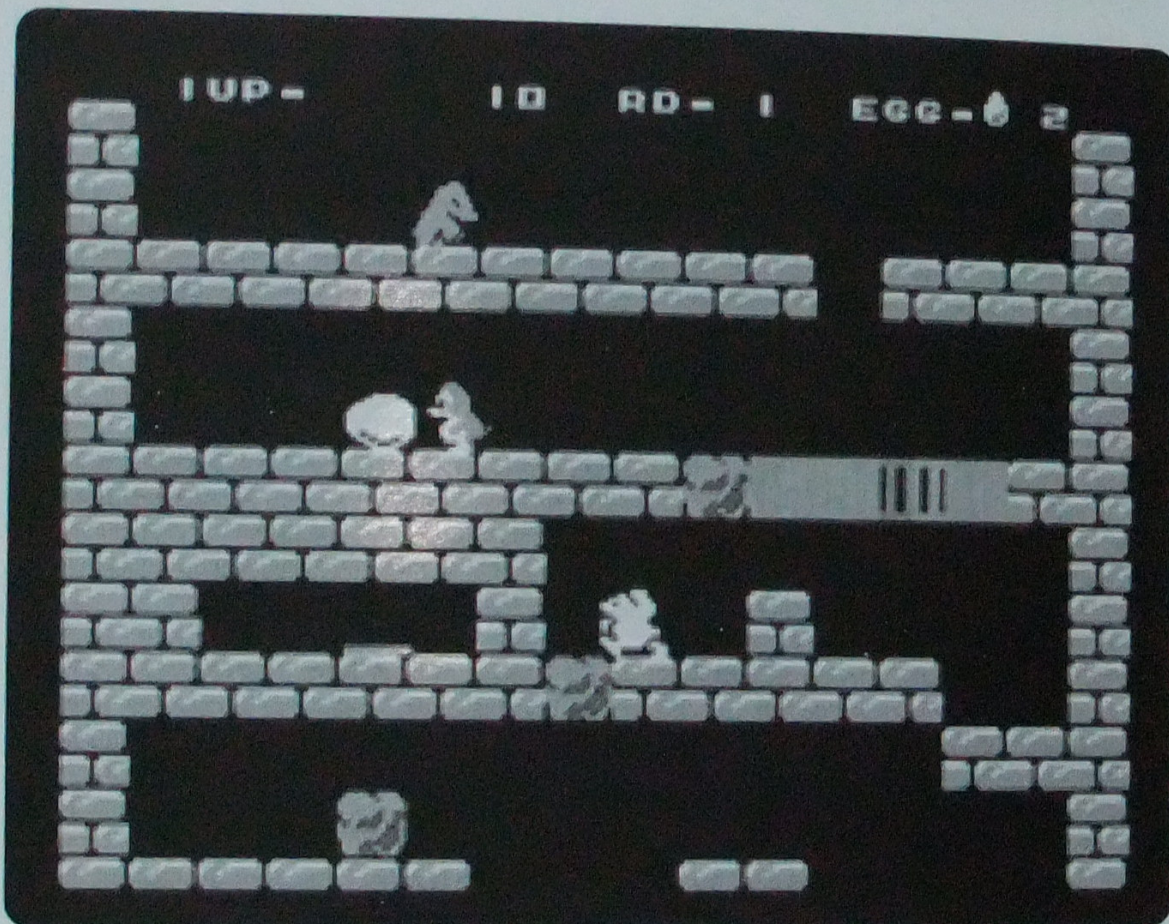

1. **Control Stick:** Pushing the Control Stick right or left, will move your Penguin in that direction.
2. **Side Buttons:** Pressing the left Side Button will make your Penguin jump up, and pressing the right Side Button will allow your Penguin to dig holes in the floor. Pressing the * keypad button during the game will pause the action.

HERE'S HOW TO PLAY

STEP 1: The choice is yours.

Press the Reset Button and the title screen for Penguin Land™ will appear on your TV. Press up or down to select your starting stage, then press 1 on your keypad to start a one-player game, or press 2 on your keypad to start a two-player game..

STEP 2: Get Rolling

Your object is to roll your egg to the bottom of the screen, without it being broken by long falls or hostile arctic wildlife. Press left or right while standing next to the egg to roll it in those directions. Create holes in the floor and roll the egg through them to move the egg closer to your house at the bottom of the screen. Don't drop it too far, though! A line below the egg indicates how far it can be dropped before it will break.

STEP 3: Don't Feed the Bears.

As you progress through each stage, you'll find polar bears searching the frozen tundra for food. They're not hungry for penguins like you, but they'd love to have your egg for lunch. Fortunately, you can protect your offspring with the rocks in your path; dig a hole in the floor to drop the rocks on the heads of the bears, knocking them out. You can also loosen the rocks by jumping up and hitting your head on them. Just don't be underneath them when they fall!

STEP 4: Sneaky Surprise.

Polar bears are not the only animals interested in your egg. Leave your egg unattended for too long and a hungry snow mole will sneak out of its burrow, hoping to take advantage of your negligence. Scare the mole away by running after it.

STEP 5: Look to the Future.

Think carefully about your next move, because digging in the wrong spot or dropping a rock in the wrong position could spell doom for your egg.

STEP 6: Scrambled Egg.

Your young egg is a very fragile thing. You can push it along the ground, and even allow it to drop to a lower floor, but if it falls too far, it will break. If a fall for your egg is too far for it to land safely, try placing a rock or two beneath it to help shorten the distance. If you fall on top of your egg, it will simply roll out of your way and allow you reach the ground. But, if there is no where for your egg to roll, you will crush it, along with your hopes of completing the stage.

STEP 7: Home Sweet Home.

When you roll your egg to the bottom of the screen and drop it inside your home, you will receive a special bonus. Also, the current stage will end, and the next one will begin.

SCORING

Action

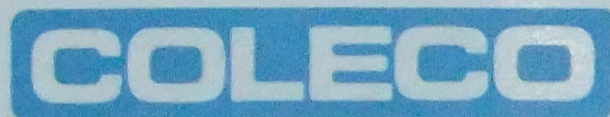

Digging A Hole	10 pts.
Collecting A Heart	100 pts.
Defeating A Polar Bear	200 pts.
Completing A Stage	Various pts.

THE FUN OF DISCOVERY

This instruction booklet will provide the basic information you need to get started playing Penguin Land™, but is only the beginning! You'll find that this cartridge is full of special features to make Penguin Land™ exciting every time you play. Experiment with different techniques – and enjoy the game!
